CAREER OBJECTIVE

Enthusiastic technologist with a strong background in computer science. Seeking opportunities as a Developer to advance my skills and excited to apply my knowledge in technologies to create advanced and effective solutions. Always willing to innovate new things that can improve the existing technology.

EDUCATION

Bachelor Of Technology <i>Vignan's Universit</i> CGPA: 9.20	2021 - 2025
Senior Secondary Education <i>Sri Chaitanya Junior College</i> CGPA : 8.80	2019 - 2021
Secondary School Education <i>Bhashyam High School</i> CGPA: 9.80	2018 - 2019

SKILLS

Languages	Python, Java (Oops Concepts), C
Web Development	HTML, CSS , JavaScript , JDBC ,JSP,Django,Angular Js
Database	SQL
Subsets of AI	Machine Learning, Deep Learning
Networking	Cisco Packet Tracer Simulations

PROJECTS

Mobile Application Analysis & Forecasting App Ratings Before Usage with Hybrid Neural Network |

Tools Used: Google Colab, Python, Scikit Learn, Keras, Tensor Flow **2024**

Application of **Machine Learning and Deep Learning**

This project aims to suggest that predictions can be made even before the app is uploaded, helping developers and Users make informed decisions making in-app suitability.

Potato Plant Leaf Disease Detection Using Hybrid Vision Transformer with ResNet50 | **2024**

Tools Used: Google Colab, Python, Keras, Tensor Flow

Application of **Deep Learning**

Developed and Deployed an Advanced Vision Transformer with ResNet50, successfully identifying plant diseases early and reducing agricultural damage with 98% accuracy.

Online Job Portal - An Easy Connect with Freshers and Recruiters | **2023**

Tools Used: Visual Studio, Html5, CSS, JavaScript, SQL, Django

Application of **Django Framework**

Developed an interactive portal connecting recruiters with fresh graduates, providing career advice, and facilitating job application, easy way to apply for courses is offered for more advancement of the technology.

Mobile Application Analysis and Forecasting App Ratings Before Usage with Hybrid Neural Network
(International Conference on Applied Artificial Intelligence and Computing) IEEE Conference ICAIIC 2024

CERTIFICATES

Udemy	Django Full Stack Developer, AZ-900 Azure Fundamentals
NPTEL	Data Analytics With Python, Deep Learning , Leadership & Team Effectiveness
Smart Interviews	Data Structures & Algorithms
Cisco Network Aca	Introduction to Packet Tracer, Network Essentials
HackerRank	MySQL Basic Certification, Problem Solving , Java Skill Certification.
Cambridge	Preliminary English Test (PET), Business English Certificate (BEC)

AWARDS & ACHIEVEMENTS

Academic Excellence

- Awarded the Academic Excellence Award by Dept of CSE, Vignan University 2023
 - Merit Scholarship for the Performance of the Academic at Vignan's University 2024
 - User Interface Design Winners in Department Level Fest 2024
 - Smart Indian Hackathon an International Level Event - College Finalist 2023
 - Achieved Silver Medal Leadership and Team Effective 2024
-

EXTRA CURRICULUM ACTIVIES

National Service Scheme <i>Content Writer</i>	Mahostav – National Level Youth Fest <i>Hospitality and Transport Management Co-Ordinator</i>
